FAIM is ideal for people who install, service, design, or review the designs of fire alarm systems, including code enforcement personnel. It provides the necessary review material to prepare for NICET Level 1 and 2 examinations.

FAIM follows the structure of NFPA 72, and is based on the 2010 Edition of NFPA 72 and the 2008 NFPA 70. The course concludes with a two-hour exam.

• Fundamentals of Fire Alarm Systems	• Initiating Circuits			
• Household Fire Warning Equipment	• Notification Circuits			
• Protected Premise Fire Alarm Systems	• Inspection, Testing, and Maintenance			
• Supervising Stations	• National Electrical Code
